

## Feelings and thoughts about the meeting in Slovakia

The week that we have been through together was one of the best weeks in my entire life. I came back to my country full of experiences and unbelievable moments that will remain in my heart and my mind forever. Every single day was an adventure for me that I always couldn't wait to live it and discover new things that remind me the happy moments with all of you. I had a very nice time in Slovakia cause you made it special and I can't wait to see again all the children. I hope you had a nice time with us too. I wish you the best for your life and always keep fighting for your dreams to come true.

Dear teachers and friends

First of all, I want to thank my teacher, mister Lappas which gave me the opportunity to attend this excursion. I feel blessed that I traveled to the wonderful country, Slovakia and the lovely people of this country hosted me. It was the most wonderful 6 days of my life and I know that I will never live something like this. The zoo, the school activities and all of the programme was well organized and I never got bored. The children from all the countries became a family. Within this program we have created friendships with all of the students that will stay alive for ever. Thank all of you for the things that you gave me, the memories, the love and the hospitality. I hope that I will see all of you very soon.

With love,

Firstly, I want to thank the teachers and the students from Turkey and Slovakia for these 2 amazing years that the Erasmus + Project lasted. Then I want to thank Mr. Lappas for choosing me to this trip at Slovakia. I have to say that it was the best week of my life. I went to very interesting places like the castle of Bojnice, the High Tatras and the city of Bratislava, where I saw so many beautiful sceneries. But that is not the best part of my trip in Slovakia. The best part of my trip in Slovakia is that I saw again my friends who came in Athens last year and some people that I am bound together. Also, I made new friends that our friendship will last for very long time. I think that for me the goal of the project is achieved and it helped me to understand that all humans can leave in peace and be friends. Finally, I want to thank all of you again and I wish you the best from the deep of my heart.

P.S See you soon everyone!

The week of our visit in Slovakia will probably be one of the most memorable weeks in my life. It will stay in my memory not only because of the stunning sightings we visited but also because of the amazing open hearted people that made me feel comfortable and not miss home. From the comforting smiles of the teachers to the students' warm hearts, I will miss the awkward but funny conversations and especially the last two nights that we all spent together talking and having fun. I will long for the cold snow fights at the frozen lake and on the mountain, and the warm soup afterwards, all the activities. I want to thank everyone that share these beautiful memories with me and those who made them possible.

The time I spent in Slovakia was amazing. First of all, the zoo was really cool and I saw so many animals that I haven't seen before. Also, the castle was so pretty and I'm glad that I got the chance to see it in person. Moreover, the food was delicious and I specially liked the chocolates. The mountains were pretty cool and I've never seen so much snow in my entire life! In addition, I enjoyed my stay there and I made so many new friends and memories that I will never forget.

This education trip to slovakia was a great experience for me.

At first, I made new friends and all the people were kind and friendly. We had a nice time together and we did a lot of funny and wonderful things.

Secondly, I was impressed by the country. I liked the sights, the culture and the town where we stayed.

On top of everything this was my first trip abroad and the meeting with these people was one more reason it will be unforgettable. I will keep in touch with them.

A lot of thanks to Mr. Lappas who chose me and gave me the opportunity to have these wonderful moments in my life.
