

How the Greek students feel about the meeting in Ankara

My trip to Turkey was an amazing experience. I was so lucky for being chosen for this trip and so grateful. I met a lot of new people and I made new friends. I learned about your religion, culture and your country. One thing that I will always remember is how warm you welcomed us at school and made us feel comfortable. You hugged us even though you didn't know us. These seven days with you passed with a lot of fun. We did so many activities, we danced, we laughed and we shared moments. Your enthusiasm and your hospitality will be unforgettable to us. The most unforgettable moment was our group hug. Greek, Turkish and Slovakian students we were together no matter our differences. This is the meaning of this program. That we all can live together despite all the differences between our countries. Already missed all of you. Hope to see you soon.

Meropi Petri

When I went to our Turkish friends' school I was so happy. I saw my friends again and I also made new ones not only from the Erasmus program but generally from the school. All of them made me feel so special and warmed my heart. Their hospitality, their personality everything was just so perfect about them. They were super friendly, funny and amazing. Whenever I was sad or anything they made me forget about it and have fun. They have helped me realize a lot of stuff and clear my vision on some situations and people. They have helped me like no one else. I am very grateful to them. They were always there for me and supporting me. I love all of them so much. They are the best. I consider them my family from abroad. And I am not kidding. I just can't express my love for them with more words because I would repeat everything I said before. I really want to meet them again in the future. I also loved hanging out with the Slovaks. They were amazing and funny as well 😊. Love, appreciate and miss all of you so much. Take care my friends♥

Love you

Eva Charalampopoulou

We are glad to participate in this experience. We have met such amazing people in Turkey. We have created excellent friendships and we are very thankful for your hospitality towards our team. From the breath-taking sceneries and places to the warm welcoming of this country and their great tasteful food and traditions we say thank you for everything. We still keep in touch with a lot of the Erasmus+ participants and we hope we see all of you in the near future. But the most important thing is that we got closer day by day and it was a crucial for the start of an amazing long-lasting friendship.

Greta Papoulia

Erasmus+ gave me the opportunity to travel abroad, meet new people and see new things and I am glad for that. Our trip to Turkey was better than I thought. The students we met, the activities we did and the places we visited were all amazing. The hospitality of Turkish people was very good. We made new experiences which we will remember forever and new friends that we missed already. I hope that we will see you all again in the future. Miss you all Panagiota Poulogianni.

We would like to say thank you for this magical experience. It was a great honor to see such a beautiful country, with amazing and warm welcoming people, with an excellent hospitality. We got the chance to taste your delicious foods and tasty pastries! We created wonderful memories together, we danced, we sang and laughed a lot at that special week. We are extremely thankful, that we joined this program and we had the opportunity to meet all of you. We hope to have the chance to see you again in the near future. Each one of you was special for us and the bond we created will not get lost! We really miss you and we will never forget you! If you have the chance to come in Greece, we are glad to guide you and show you our hospitality.
